Business Size / Categories

Small Business, WOSB, HUBZone

Contracting Vehicle

GSA MAS IT Contract GS-35F-348CA

GSA Contract **MAS**
Schedule
AGILE5 Technologies
Contract GS-35F-348CA

Capabilities Statement

Agile5 Technologies, Inc. (Agile5) has been providing innovative, cutting-edge technical solutions to our Federal Government clients for more than 10 years. We specialize in cloud migration and architecture, DevSecOps Continuous Integration/Continuous Deployment (CI/CD), cybersecurity, systems and software development, and automated testing of enterprise Information Technology (IT) software systems. Agile5 is appraised at CMMI (DEV) Level 3; certified ISO 9001:2015, ISO 20000-1:2018, and ISO 27001:2013; and operates a General Services Administration (GSA) Multiple Award Schedule (MAS) contract and subcontracts under multiple Indefinite Delivery, Indefinite Quantity (IDIQ) contracts. We have primed and subcontracted on more than 40 Federal, Defense, and commercial contracts and provide our clients with subject matter expertise and IT services that are on time and on budget, with robust, long-term solutions that seamlessly integrate with new technologies.

Core Capabilities and Expertise

Agile Software Development

- Discovery, design, architecture
- DevSecOps with CI/CD pipelines
- Automated & human exploratory testing
- Continuous Authority to Operate (ATO)

Cloud Capabilities

- Cloud architecture, migration, and security
- Legacy systems migration and integration
- AWS & Azure partnerships

Biometrics

- Biometric enterprise systems administration, development, updates, Operations and Maintenance (O&M)
- Algorithm updates & data recharacterization

Differentiators

- Experienced: Full life cycle development for customers large and small
- Faster: Reduced time of production deployments from nearly 5 business days pre-cloud to less than one hour for a large customer
- Better: Implemented automated testing with 4,000+ regression test cases
- Cost Effective: Saved a customer $6.5M per year through AWS engineering changes
- Solutions Architects, Cloud Practitioners, and Administrators certified in AWS and MS Azure
- Small teams of cross-functional, highly competent personnel

Past Performance

Agile5 has primed and subcontracted on more than 40 Federal, Defense, and commercial contracts including:

- General Services Administration (GSA) single-award Blanket Purchase Agreement (BPA)
- Department of Justice (DOJ) Federal Bureau of Investigation (FBI): Supported DOJ across 19 different contracts including:
  - National Crime Information Center (NCIC) 3rd Generation (N3G): Responsible for legacy migration of 21 million records, accessed 7.9 million times daily by 800,000 law enforcement officials
  - Next Generation Identification (NGI): Used by more than 22,500 law enforcement agencies, at home and abroad, with more than 1 million users
  - FBI Application Performance Management (APM)
  - Law Enforcement Online (LEO) for the Criminal Justice Information Services (CJIS) Division
- Department of Defense (DoD) Army Contracting Command (ACC) in support of DoD's Automated Biometric Identification System (ABIS)
- Department of Transportation Federal Aviation Administration (FAA)
- Certified Broadcom (formerly CA Technologies, Inc.) service partner
- Commercial clients: education, health care, and travel industries
